Optical Travel Mouse

This optical travel mouse has 3 buttons, including a smooth scroll wheel for fast and convenient navigation through websites or documents. The symmetric design makes it suitable for both left and right handed users, while the rubberized sides ensure a comfortable grip during usage. Thanks to the retractable cable system you can have the USB cable stored to the mouse. This makes it the perfect travel companion whether you are on the road for business or pleasure!

Highlights

- Plug and play, no driver needed
- Suitable for both left and right handed users
- Compact design
- Retractable travel cable
